

PREPARING YOUR HEALTH CENTER FOR SBIRT IMPLEMENTATION

Screening, Brief Intervention, and Referral to Treatment (SBIRT) is designed to provide universal screening, prevention, and early intervention and treatment within health care settings and community-based organizations for people who have risky or hazardous alcohol and/or drug use.

Preparing your Health Center for SBIRT Implementation is a **7-week extended online learning series that will provide 15 hours of instruction for health-care providers establishing or currently implementing SBIRT in their agency.** Through virtual, interactive learning, participants will receive real-time performance feedback related to their current use and implementation strategies of SBIRT with an emphasis on integrating brief interventions into current services and workflow.

WHEN: Coming in Spring 2020!

THIS TRAINING IS INTENDED FOR: Community Health Workers, Medical Assistants, Nurses and Behavioral Health Providers located in Nevada.
